With some corn syrup, drink mix powder and water, you can make a splendid concoction of stage blood - without spending an arm and a leg. From budget-friendly frights to sophisticated props, this book offers dozens of imaginative ways to haunt a house for Halloween. Readers will find generously illustrated step-by-step instructions for creating a barbecued skull, devil eyes, bonehead tableware, a magic bottle, a glowing brain and other projects. The book details ways to enhance an eerie ambiance with effects like blacklights and music. Props use many common household items and tools. Where specialty items are required, the author tells where they can be found at a reasonable cost. Projects take anywhere from a few hours to several days to complete. The chapters ooze with tips on topics like creating apprehension and surprise, using design to guide guests, creatively using plastic skulls, and making papier-mache masks and molded hands. There are recipes for fake blood and vomit and ideas for using them, and other creative and adaptable ideas.
