Readings in Personality Psychology

John D. Mayer

Readings in Personality Psychology John D. Mayer

Reading in the sciences is becoming an increasingly challenging affair. *Readings in Personality Psychology* offers welcome help. The book includes a diverse collection of source materials in personality psychology and provides support for students about how to read them. *Readings In Personality Psychology* is a book of readings for the undergraduate course in personality psychology. In addition to source readings, the book includes (new) original content that provides support, context, and instruction to students about *how* to read in the field. The book's first chapter describes a rationale for reading in the discipline and discusses some of the major issues and challenges in doing so. Each subsequent chapter describes a different sort of reading (e.g., original research report, theoretical review, book review, etc.) and the special challenges involved in reading and studying them.
