100 FACTS - SNAKES is bursting with unbelievable images, fun activities and exactly 100 fascinating facts. Children aged 7+ will learn everything they need to know about these cold-blooded predators. Kids learn more easily with bite-sized information. Photographs and artworks aid children who learn through visual prompts. Activities allow children to put what they have learned into practice. 100 Facts Snakes includes key topics about these slithery reptiles in simple numbered facts. Every page features fantastic illustrations and photographs that support a child's understanding of the text. This is the ultimate snake book for kids aged 7+ who want to discover more about venomous and non-venomous snakes. Essential topics covered in 100 Facts Snakes: Superior survival skills, hunting for prey and protecting their eggs The purpose of their patterned, scaly skin Harmless species and poisonous snakes such as vipers Examples of 'I don't believe it' fascinating facts: The biggest snake ever to have lived was as long as a bus! Known as Titanoboa, it lived in the rainforests of South America around 60 million years ago. A few snakes polish their scales with a secretion from their nostrils. This may waterproof the scales or allow the snake to leave a scent trail as it slithers along. Large snakes can swallow prey up to a quarter of their own length. They have been known to eat leopards, gazelles and even small crocodiles! Activities to make learning accessible and interactive include: Quiz question: Why does a puff adder inflate its body like a balloon? Make a snake bracelet using thin card, coloring pencils, a hole punch, some wool and some colorful beads Make a spiral snake using paper and decorate it with camouflage colors
