Curves from top to toe: The modern master of foot photography

Ed Fox thought he was the only young man who checked out a woman's feet before her face, and most of the time couldn't meet his models' eyes for fear they'd discern his secret. Then he became the **official foot photographer for *Leg Show* magazine**, and learned of the thousands of men just like himself and the glorious legacy of foot fetish photographers before him, not least the great Elmer Batters.

Since then, Fox has become famed the world over for his **sensual photographic style that captures every curve of a woman's body, right down to the tips of her toes**. In *Ed Fox II* he brings us voluptuous new models, arresting locations—many blending the desert landscapes of Southern California with Fox's passion for automobiles—and fantasies mild to extra spicy, all shot in warm, caressing natural light. And, like *Glamour From the Ground Up*, *Ed Fox II* comes with a **60-minute original DVD**, bringing the still photos to vibrant life.

This edition's special **Panic Cover** is reversible to a realistic-looking academic book to keep the real contents hidden from your annoying boss or even help you impress an attractive onlooker!
