## **Bookland (The Story of Bookland) (Volume 1)** Josh Brannan

The Story of Bookland is a serious fantasy story set in a world where the inhabitants know themselves to be characters in that story and which is relayed by a narrator who has a knack for artfully and humorously interjecting himself where he does not belong. Well, on second thought, perhaps the story is not that serious, and perhaps the narrator is neither artful nor humorous. Everything else that was said, however, was completely true. Of course, there might have been a lie or two. Bookland is the first novel in The Story of Bookland. Literalialia is the second. Tentatively, there should be four by the time the story is complete.
