The Art of Greece and Rome Susan Woodford

In *The Art of Greece and Rome* Susan Woodford illuminates the great achievements of classical art and architecture and conveys a sense of the excitement that fired the creative artists of the ancient world. The Greeks were quick to challenge time-honored styles and, stimulated by the problems that sometimes emerged from their daring innovations, they invented solutions that have been considered classics ever since. The Romans recognized the Greek achievement and built on it, adding a talent for organization and flair for architectural construction on a huge scale to create an impressive art of their own. This edition includes a new chapter on art throughout the Roman empire, new illustrations, updated bibliography and glossary.
