## **Jehovah's Witnesses -- A Religion Based on the Occult and Spiritism** Tami Dickerson

This book is about how the leadership of the Jehovah's Witnesses -- the Watchtower Society -- publicly denounces activities related to the occult and spiritism while simultaneously promoting doctrines which are heavily steeped in the occult and spiritism. Referencing the Watchtower Society's own literature, learn how their religion uses the help of spirit mediums, astrology, spirit channeling and other occult activities to construct their doctrines. All information is supported with cited references so readers can verify the information for themselves. Even though the Jehovah's Witness religion appears to be a clean-cut, moral denomination, prospective members need to be aware that there is much spiritual darkness hiding beneath the surface. This book examines how far from God's Word the Watchtower Society really is, showing how involved they really are in Satan's favorite tools of deception instead. This book is written from a Biblical point of view.
