## **The Walker Brothers: No Regrets** John Walker, Gary Walker

The Walker Brothers—John, Scott, and Gary—were one of the biggest pop groups of the 1960s. Gifted with stunning voices and drop-dead gorgeous looks, their appeal was irresistible. Massive hits such as "Make It Easy on Yourself" and "The Sun Ain't Gonna Shine Anymore" have become evergreen classics. During the time of the British Invasion, the Walker Brothers were one of the few American acts to matter overseas. Yet within three years, the group had imploded and its members embarked on solo careers. In the 1970s they got back together again before lapsing into long years of silence—and then finally all three enjoyed recent career resurgences. For the first time, John and Gary have broken their silence to reveal the truth about the group, and what led to the famous split. They lay bare the details of their private lives, including encounters with the stars they met along the way, such as Walt Disney, Humphrey Bogart, the Beatles, the Rolling Stones, and Jimi Hendrix. They tell what it was like to live in the glare of publicity and under siege by fans, and what the enigmatic Scott Walker was really like.
