This hilarious, highly original series, which so astutely captures the odd preoccupations of middle schoolers, will appeal to the many fans of the Origami Yoda series and such gross-out classics as *How to Eat Fried Worms* and *Freckle Juice*.

Lyle Hertzog and his friends Marilla and Dave are the Qwikipick Adventure Society, three kids who seek out adventure in their seemingly quiet hometown of Crickenburg. On the hunt for their next big mission—something to top the Fountain of Poop, if that’s even possible—the kids overhear a construction worker telling his buddies about a rat with a human face he saw in the basement of an old research facility. The decision is unanimous: the next adventure for the Qwikipick Society is on! But when their trip to find the rat doesn’t go quite as expected, the trio gets into big trouble. Will the second adventure for the Qwikipick Society also be their last?
