Strange Seasons: Collected Short Fiction Joshua Grover-David Patterson

In a world where werewolves have revealed their existence, a werewolf must track down the werewolf who killed his father before the killer can get to his son. When Artie meets his blind date, he's shocked to discover that when she says she's a princess... she really does have a fairy godmother. A child old enough to know better learns that not getting what you want from Santa isn't the worst thing that can happen to you on Christmas. A descendant of Lovecraft comes into possession of a mysterious key. And the door that goes with it. When a father discovers his newborn has been turned into a vampire, he's forced to make a choice: Hide his child's secret... or end his family line.
